

# How To Approach female - The Mindset obtaining A Girlfriend

Most men are not able to do this and it does take some time to get used to the idea of pulling away from a woman when you just want to get closer, but it DOES work well to build up her attraction. When you can make her feel like she wants you and then you are able to pull away, the only thing that she can really do is to desire more of you and that is a good thing if you want to be able to win her over.

Admit it; I've hit bull's eye! You probably have a very low opinion of yourself and have problems believing that any woman will be interested in you. Well, that's the fatal flaw! If you think she's not going to be interested in you, then that is exactly what will happen! [levo magazine](#) can attract any girl you want only if you believe you can! This is what the universal law of attraction is all about.

[unlock her legs review](#) You can study dating. There are books out there on the subject of dating. Put some time in reading about how to approach girls for the first time and what kinds of things you can say to keep their interest. Instead of studying biology at night, study dating.

She touches you. Girls don't normally do this, but when they do, it's solely because they like you. They touch you all the time --- when talking, when lining up in the grocery store, crossing the street. She wants some intimacy so keep those hands busy.

Going shopping with your girlfriend is the third way of keeping her interested. Women love it when their men accompany them to do shopping although most men will try their best to avoid accompanying their girlfriends or wives to do shopping. There are many places you can take your girlfriend to do shopping so that she has a new wardrobe that will make her to look great and more so to say attractive. Why not take your girlfriend to another town that is well known with variety of fashionable clothes, I'm sure she will enjoy this and avoid the usual boredom that is predictable in your relationship.

She asks about your schedule. When a girl asks what you'll be doing on a weekend, she's wants to be a part of future plans. If she does this, arrange a second date, A.S.A.P.

Before you even begin to worry about getting a girlfriend, you need to get out there and start talking to girls. Talk to any girl that you know will listen. Don't put any pressure on the conversation. Just start a conversation with any type of female. Talk to your grandma, your sister, your neighbor, whoever.

unlock her legs This is the line between a girlfriend and a fling. A girlfriend would like to find out how you function in your living space. It's easy to seduce a lady if you've a house base you can be proud of.

These are five factors that I've found from my own relationships and experience. These things make a really big difference in determining whether you and the girl are on the same page. If you're looking for compatibility, these things are really important.

I know, I talk about openers a lot, especially in my book, where I go into long detail. But openers are so important that I feel like I can't just mention them enough.
