

Looking for The Most Efficient Rail Covers for Your Perfect Shot? - Purchase from Milspec Retail

The presence of [rail covers](#) helps to alleviate some of the problems. Texturing improves our grip on the rail, preventing slippage and giving us more control over the rifle. We help to mitigate heat generated by long strings of fire by adding a barrier between our hands and raising the hand off the rail. You can get the most durable and efficient rail segments from **Milspec Retail**.
