

kalsubai trek

[Kalsubai Peak Trek](#) with a height of 1646 meters or 5400 Feet is famous as the highest peaks in Maharashtra. Kalsubai Mountain lies in the Sahyadri mountain range falling under Kalsubai Harishchandragad Wildlife Sanctuary. Kalsubai Height being the highest peak, it commands a beautiful view. Since Bhandardara Dam and Kalsubai Peak is extremely famous, enough effort has been made to make this trek easy. There are steel railings, chains, and ladders at places where it is difficult to climb
