

Chapter 78

Page 1

Aiolia - The Darkness Roar is already gone! There is nothing more protecting you ... only what is left is that!!

Page 2

Aiolia - The legendary megas drepanon. That also will not last long .. because I'm going to break it!

Cronus - Yes, I have the megas drepanon ... the great divine sickle! And I am protected by the Soma... the black armor, darker than the darkness ...

Page 3

Cronus - But who guarantees that I have only two to protect me?

Aiolia - What?!

Shura - It is true!!

Aiolia - What is it, Shura ?!

Shura - In the fight against Kreios, I saw it. every Titan has a planet under his rule ... which uses all its resources to protect the god who controls it!

Page 4

Shura - Cronus too ... must own a ruling planet !!

Cronus - I will ... show you ... that which accompanies me ... since the times of antiquity ... and experienced the darkness with me!

Page 5

Cronus - the triple solar system!

Page 6

Aiolia - the three long strands of his hair joined ... and turned into three planets !!

Cronus - come, my ruling planets show their true appearance ...

Milo - True appearance ?!

Aldebaran - So are you going to change even more ?!

Shura - The planet of Kreios also changed ... to the shield formation!

Camus - Will you take attack formations ?!

Shaka - This huge ... triple cosmos ...

Page 7

It's the ruling planet and god warrior of Gigas (giants)... Hoplisma of nephirtis.

the three giant soldiers

Page 11

Aiolia - what is this?!

Cronus - ah, ha, ha, ha. what do you think?! These are the most powerful giant soldiers, chosen to be my ruling planets. You think you can beat them, human ?!

Aiolia - What an oppressive presence !! Can I defend myself from this ?!

Page 12

Aldebaran - nuuoh! If we find each other?

Aiolia - Aldebaran !!

Aldebaran - Losing never even crossed our heads!

Page 13

Aldebaran - We are here to win ... Are you going to release smoke ?! I can not dodge and protect Aiolia at the same time !! Then I will serve as a shield !!

Page 14

Shura - Excalibur. Just as you came to protect Cronus, we came to defend peace on earth and our companions ...

Page 15

Shura - tens of thousands of liquid needles ?!

Aldebaran - If we do not overthrow all, we will lose!! The floor is breaking up !!

Page 16

Camus - Diamond Dust In the name of the goddess Athena, we have gathered, Gold Saints! Ready to protect the life of everything and everyone. Ensuring that there is a future for humans ... even if we have to face a god for it!

Page 17

Camus - the resonant vibrating wave! That way, we're all going to get hit !! Our bodies ... are fading ?!

Page 18

Shaka - If it is a wave just go out of its reach to not be hit. And teleport all at the same time ... it's an easy task for me.

Hoplisma - I will not allow ... that human beings dare to rebel against God!

Milo - Shut up !! You say the three giant soldiers were chosen by god ... so we were we !!

Page 19

Milo - We were chosen by Athena, goddess of war, to protect the earth! We are the twelve Gold Saints!

Shura - two are coming at the same time!

Aiolia - Aldebaran, do me a favor.

Aldebaran- what?!

Aiolia - fast!! throw me up!

Page 20

Aiolia - I promised ... Koios... and hyperion ... that I would protect Cronus, who will lead the people of the Titans to where the light shines on the earth. And whoever hinders me .. does not matter that he is a god

Page 21

Aiolia - You will be defeated ... I need to defeat you! For this, I will take your god to where there is light! Lightning Plasma

Page 22

Aiolia - And I'll break ... anybody who tries to mess me up !!

Cronus - You talk about a land bathed in light. But this place is a land stolen by zeus, by means of trickery! Now, do you say you want to share it with everyone? How silly! Mythology has already proved ...

Page 23

Cronus - That the land where there is light is a world to be taken by force. It is not a place to get invited to visit.

Page 24

Cronus - I want a land only for me.... I do not want to know about people ... I want a paradise, just mine! This land of yours.... I will subjugate it and destroy it for good.
