

ARE MARBLE DINING TABLES GOOD?

Some of your home's best memories are made at the dining table. The dining room table serves as the focal point of your house where people gather to not just eat but also work, talk, and host. Today [marble dining tables](#) have become the new modern classic.

WHY SELECT A MARBLE DINING TABLE

Marble is a natural stone that has been utilized for centuries in construction and design. It is a popular material for dining tables because of its beauty, durability, and timeless appeal. Marble tables are suitably constructed and finished, they can withstand heat and scratches as well. They are a sensible option for regular usage because they are simple to maintain and clean.

POPULAR DESIGN, SHAPE AND STYLE.

Marble dining tables come in a range of forms and styles, from classic to contemporary designs. Rectangular marble dining tables are popular for large families, big gatherings and dinner parties. Round marble dining tables are also common, which create a warm and welcoming ambiance. They are a good choice for small spaces too.

[Dining tables](#) in monochrome looks are always in trend. A black or white marble top dining table is a great choice. The marble table's grains also significantly contribute to the overall appearance.

STYLING YOUR MARBLE DINING TABLES

Marble dining tables are versatile and rock traditional and modern styles. When it comes to pairing, a marble table looks stunning with some neutral-colored upholstered dining chairs, like beige or grey. For a more contemporary vibe, you might want to consider matching your dining table with some sleek metal or acrylic dining chairs. Sprucing up your dining area is all about the overall appearance. So, make sure to match your marble dining with the right seats and accessories. Think about adding a fancy candle stand or a classy pendant light to create that elegant ambiance.

MAINTAINANCE

Follow these simple steps to make sure your marble table looks just as beautiful as the day you purchased it:

- Use a dry cloth to clean first. You may use some lukewarm water to wipe it gently. Avoid rigorous rubbing. In case there are some deep stains use ph-neutral cleaner.
- Marble can react to acidic substances. So, make sure not to spill any vinegar or anything citrusy.
- Make use of mats and coasters.

That's it! As glamorous as they look, marble tables are almost maintenance-free. If you want to make a statement with your dining table, then Choice Furniture superstore has you covered.
