No matter the job you need done, whether it be from residential landscape renovations to new landscape installs, KALAGAN Outdoor Design has you covered! We offer a full range of landscape and hardscape construction services including retaining walls, patio stones, fences, water features such as waterfalls and ponds, and more! Need to keep your yard looking green all summer? Our professionally trained landscape specialists will take care of all your needs - from custom beachscapes and major landscaping with decks and retaining walls, to spring and fall yard cleanups, we do it all! Are you tired of mowing your lawn every week and still having a lack luster yard? We provide scheduled residential or commercial landscape maintenance packages ranging from basic, weekly lawn cutting and blowing off of hardscape, to full service maintenance which can include aerating, power raking, quarterly fertilization, weed control, top dressing, overseeding and irrigation adjustments. You can decide what jobs you want to tackle and leave the rest to us.
