

How to get a discount on Disney Plus?

A popular streaming service, Disneyplus offers a vast library of movies, TV shows, and unique content. Even while the cost of your Disney+ subscription is often fair, there are a few ways to potentially save money. This comprehensive guide will help you find the best deals and discounts:

DisneyPlus Discounts:

Package Deals:

disneyplus.com/begin offers bundle deals that combine it with other streaming services like Hulu and ESPN+. The cost of these bundles is usually less than that of subscribing to each service separately.

Consider your viewing interests and the additional content that these services provide when determining if a bundle is appropriate for you.

Student Discounts:

While Disneyplus doesn't offer a direct student discount, some universities and student discount platforms may have occasional promotions or partnerships with Disney+.

Check with your university's student center or explore student discount websites like Student Beans or UNiDAYS for potential deals.

Military Discounts:

Eligible U.S. military personnel, veterans, and their families can enjoy a 25% discount on the annual disneyplus.com/activate subscription.

To access this discount, you'll need to verify your military status through The Exchange website.

Third-Party Discounts and Promotions:

Retailer Promotions:

Keep an eye out for promotions offered by retailers like Target or Walmart. They may occasionally offer Disney+ gift cards or bundle deals with other products.

Credit Card Rewards:

Some credit cards offer rewards or cashback on streaming service subscriptions, including Disneyplus.

Check with your credit card provider to see if they have any relevant offers.

Online Marketplaces:

Websites like Groupon or other online marketplaces may occasionally offer discounted Disneyplus gift cards or promotional codes.

However, it's important to exercise caution and verify the legitimacy of any deals found on these platforms.

General Tips for Saving on Disney+:

Share Your Account:

Disneyplus allows you to share your account with up to three other people, making it a cost-effective option for families or friends.

However, be mindful of Disneyplus terms of service and avoid sharing your account with people outside your household.

Consider a Monthly Subscription:

If you're unsure about committing to a long-term subscription, a monthly plan can be a more flexible option.

You can easily cancel or pause your subscription if you don't need it for a particular month.

Take Advantage of Free Trials:

If you're a new user, you may be eligible for a free trial of Disneyplus. This allows you to explore the service and its content without any upfront cost.

By exploring these options and staying informed about potential discounts and promotions, you can potentially save money on your Disneyplus subscription and enjoy your favorite shows and movies without breaking the bank.
