

# BLIX JUNIOR- ROBOTICS FOR KIDS

In Blix Junior, go on an adventure with Kit, Laya & their robot Rob. In the Blix junior , they will ride through the jungle, solve problems for the people in need, use suspensions to ride through the forest, make a bridge to cross a river filled with crocodiles, and have a lot more fun adventures and experiences. With this robotics for kids, learn concepts such as Aerodynamics, Algorithm Designing, Scissor Mechanism, Coding-decoding Messages, etc. as the adventures unfold with Blix Junior, the best way to initiate robotics learning for kids.

EXPLORE CONCEPTS SUCH AS **AERODYNAMICS,**  
**ALGORITHM DESIGNING, SCISSOR MECHANISM.**

**THE IDEAL GIFT  
CHOICE FOR KIDS  
AGED 5 AND ABOVE!!**

**Rob:** As per my calculations, according to the width of the river I believe a bridge which is 25 holes in length should be ideal to cross the river.

**Laya:** Thanks, Rob. The bridge must be sturdy and not bend, as we don't want to fall into a river filled with crocodiles. Let's start building, Kit.

**Rob:** Design your bridge here before building it.

**BLIX JUNIOR IS A MOTOR-FREE ROBOTICS SET WHERE KIDS LEARN ROBOTICS FUNDAMENTALS THROUGH IMMERSIVE STORYTELLING.**
