

### Understanding Political Science on Extramarks

Political Science has always been a tough nut to crack for the students. The subject deals with the intensive theory that can make it hard for the students to understand the subject completely. The students rely majorly on the textbooks and the classroom notes for learning. The students can have a good idea about the subject from the textbooks but at times it is not enough for the students, to achieve a good score in the exams students cannot depend solely on the textbooks. Having a secondary learning option can always be helpful for the students. The secondary learning options such as online learning apps and websites can be a good option for the students. The students of Class 12 have the additional pressure of the board exams on their head. The board exams are the most important exam of a student's school life. The students need to make sure that they have a good score in these exams and for that having a clear understanding of the subjects and topics is very important for the students. The students can feel that the subject of political science challenging and this can be a hindrance in their way of having a good score. Extramarks-The Learning App can be a good learning option for the student and it can also help them overcome the challenge of Political Science. The study material for [CBSE class 12 Political Science](#) on the app can help the students overcome the challenges of Political Science. The app has study material for all the other subjects that can be a challenge for the students. The study guide for subjects like Physics and Chemistry that deal with both theory and practical knowledge includes the detailed explanation of theory as well as practicals. The app solutions for NCERT textbooks as well. The solutions help the students understand the textbook questions that can be overlooked by the teachers in the class. The questions can often appear in the exam and having access to the solutions can help the students perform efficiently in the exams. One of the key highlights of the app is the audiovisual learning material available on the app. The video lectures on the app can help the students have a deeper understanding of the subject, the lectures are delivered by expert teachers. The app can be a good learning companion for the students and they can achieve their goals with the app.
