There is a shortage of Arabic translationists in the United States and Canada, according to the United Nations Organization for Cooperation in Arabic Language (UOEAL). An estimated 55.2% of translators from the US and Canada are women. This may not be a problem according to some experts. Women, being well educated, often excel at various fields of endeavour. They will be able to perform better than men at translating technical texts, such as books, scientific articles and engineering reports. The lack of good translation jobs for native

English speakers in the US and Canada may hurt the overall marketability of those individuals who wish to translate texts in those countries.

بالنسبة لأولئك الأفراد الذين يرغبون في ترجمة النصوص العربية ، من المهم معرفة ذاكرة الترجمة العربية الصحيحة. هذه هي الكلمات أو العبارات الأساسية التي يجب عليك حفظها قبل ترجمة المستند. من المفترض أن يكون لدى معظم المترجمين معرفة عميقة باللغة ، وخاصة قواعد اللغة العربية ، إلى جانب مفردات جيدة. بالإضافة إلى ذلك ، تتطلب معظم الترجمات العربية مفردات جيدة من كلمات المفردات للتأكد من أن النص صحيح نحويًا. يحتاج العديد من المترجمين إلى كتابة الكثير من النصوص حول مجموعة متنوعة من الموضوعات ، وبالتالي سيحتاجون إلى مفردات جيدة وقواعد أو مفردات عربية غنية.

It is important to note that not all translators are proficient in the standard Arabic. This may lead to wrong numbers of points in some instances. There is therefore a requirement to have a good translator who is capable of producing a standard Arabic transcription. In fact, in many cases where you are unable to find an experienced Arabic interpreter, it will be in your interest to hire an experienced interpreter for the job. A good interpreter will make it easier for you to complete your translation project and also has better chances of having your translation completed on time and within budget.
