

What are “Used phones” and “Refurbished phones”?

Used phones are those phones that are used by someone and for certain reason the phone is up for sale. **Refurbished phones** are those phones that are sent for repairing because of some defect, after repairing the phone is ready for sale at a lower price.

What are Used phones?

Used phones are those phones that are used by someone for a limited period of time and then ready to be sold to someone else.

Used phones can be bought at a lower price but its not same every time that the product is good. It might be faulty or damaged, if we couldn't identify the fault during the time of buying then we can face great loss in near future.

But there is advantage to buy **second hand phones** sometimes we can get used phones in good condition or almost a new second hand phone as someone wants to sell it due to financial problem or wants to buy another mobile.

Is buying a used phone worth it?

Buying a **used phone** is worth only if you get a very high feature phones in good condition with original paper works or documents and the **second-hand phone** is within your budget or

at lower price depending upon the condition of the used phone.

There is a little risk in buying a used phone as they might be defective or damaged so you have to check it before buying.

What are Refurbished phones?

[Refurbished mobile phones](#) are damaged or faulty phones that are repaired by retailers and available for sale at a low cost.

Refurbished phones are low in cost but one thing is clear that they are free of defects as it is repaired and checked by a professional technician. Refurbished phones might not look as good as new ones there might be **scratches** and **dents** but they are new from inside.

What are the Disadvantages of Refurbished phones?

- Refurbished phone might not look as good as a new one.
- Refurbished phones might not get **warranty**.
- Refurbished phones might have scratches and dents on the phone
- Refurbished phones have bad battery backup than the **original phone**.

Do refurbished phones last long?

Refurbished phones last long because they are repaired and checked and also comes with warranty that means that phones are good to for a long time.

Refurbished phones might have dents or scratches on them but the internal hardware and defects are repaired so the phone is as good as new form inside.

How to know if a phone is refurbished?

1. Dial **##786#** or *****786#****
2. In reconditioned status there is 2 options
 - **Yes:** Your phone is refurbished.
 - **No:** Your phone is not refurbished it is factory new.

Which is better refurbished or pre owned?

[Refurbished phones](#) are fixed or repaired by a professional technician and thoroughly checked. Refurbished phones are defect free phones that can be used for a longer period of time.

[Pre-owned phones](#) or [Used phones](#) are simply used by someone and for certain reason he is selling the old phone at a reasonable price.

So, **Refurbished phones** are better than **Second hand phones** as refurbished phones are repaired. checked and also faulty free. But used phones are not checked and might be faulty or defective even if it might look as good as new.
