6. User Interface: 14%
7. Reporting: 5%
8. Mobile: 5%
9. App Development: 8%

Keeping your Salesforce DEV-402 Certification

One of the benefits of holding a Salesforce credential is usually being up-to-date on new product releases (updates). Consequently, you will end up forced to complete the working platform App Builder certification maintenance modules on Trailhead 3 x a year.

Don't let your hard-earned credential expire! Should you not complete all maintenance requirements punctually, your credential will expire.
