

# How to make money while you sleep 2021 ? Access Free Resources

There are many ways to make money while you sleep. You can work a full time job and earn an income that can supplement your other income. Or, you can try affiliate marketing. How does [affiliate marketing](#) work? You make a YouTube video and then upload it to YouTube. You can set up a free account at YouTube and upload videos as many times as you wish. Once uploaded, these YouTube videos will show up in the YouTube channel's sponsored links section where anyone can click on them and be directed to either your website or your YouTube channel.
