

# Car Body Repair | Car Restoration | Innovation Auto Body

The bodywork required on a car restoration will be significant as whole panels are likely to require replacement and the ones which stay as part of the original vehicle, will need to be welded, have rust and scratches removed. A full restoration makes takes years and they often do, as mechanics and hobbyists use their spare time and money to build their cars. If you have any queries and services for cars, [Car Body Repair Milwaukie & Milwaukie Car Body Repair](#) visit our website and contact us.
