

Impeachment

Based on the United States Structure, when the House of Representatives accuses a president of wrongdoing by impeaching him, the chief justice of the United States shall preside” over a trial within the Senate to find out whether the president is guilty of the House's fees and needs to be removed. Trump sought Ukraine's help on two investigations First, he asked Ukrainian President Volodymyr Zelensky to look right into a discredited conspiracy idea that it was Ukraine and never Russia that interfered within the 2016 presidential election by hacking the Democratic Nationwide Committee.
