

Book Covid-19 2 and 8 Day Saliva Spit Test — G16 Covid-19 Testing

At G16 Covid-19 Testing, our [2nd 8th day test](#) consists of 2 Saliva Spit tests which are far less invasive than regular swab tests. If you do not want a swab inserted down your throat and up your nose then choose the G16 standard 2&8 packages. You can simply spit into the collection tube and you are done. Most of the people preferred our Saliva Spit test over the conventional swab testing by all other companies. Order your test and get free home delivery now.
