

# How the BIM Model Has Changed the Construction Industry

The advent of [BIM model](#) brought about a revolution. It has facilitated collaboration and made the process simpler and more seamless. Conflicts happen less frequently and are much simpler to settle. Today, we will talk about the BIM model, which is another effective component of BIM.

BIM model was developed between the 1960s and the 1970s. But it wasn't put into use until much later. BIM was gradually being used for every single task related to building construction.
