

3 Signs Your Dispensary ATM Machine Needs Maintenance!

A 2021 survey stated in a journal that more than 11 states legalized the use of recreational marijuana. Also, 23 other states have legalized the usage of medical marijuana.

However, still, the U.S. Government didn't legalize marijuana nationwide. And that is why most banks do not want to work with marijuana dispensaries because they can be charged with "aiding and abetting."

So, if you choose an ATM company to install an in-store [dispensary ATM in Colorado](#), it will help you earn extra surcharge revenue. But some possible issues can arise in your ATM machine as it performs everyday functions. So, here are some signs when your ATM needs maintenance.

Signs Indicate Your Dispensary ATM Needs Maintenance

Call your ATM service provider as soon as you notice the following points!

1. Dispenser is Malfunctioning

After installing a dispensary ATM machine, always ensure that the machine provides the right amount of bills to your customer.

Continue using an ATM machine that is having difficulty dispensing money can be a hassle for you, your customer, and the ATM provider. So, if you notice the machine malfunctioning, call the ATM provider to fix any errors.

2. Not Printing Any Receipts

Sometimes, in-store ATM machines can have trouble printing receipts for the buyer. It may seem like a small inconvenience, but it is necessary to have that receipt for the customer. After installing the dispensary ATM in Colorado, sometimes ATM runs out of paper or ink to print the receipt. So, call your ATM provider if you notice any signs.

3. ATM Screen Glitches

The ATM screen of the machine either has keypad buttons or has an entire touch-screen option to operate. Recent technology allows users a much smoother and faster experience when withdrawing money.

But if the screen is not working or experiences glitches, it is a clear sign you need to call your ATM service provider. Expert technicians will fix any slow-paced software or other types of glitch problems.

Some reliable ATM service provider even offers free-of-cost maintenance to maximize your profits without adding additional work for you.
