These women hold the torch for true feminism and morality with a hint of empathy and forever forgiving characters that will make you sob your heart out.

Here go our 3 favorite women characters of all time-

1. *Mimi*

Movie: Mimi

The movie is directed by **Laxman Utekar** starring Kriti Sanon, Pankaj Tripathi in the lead roles. The movie revolves around the story of a young girl, who discovers a new way of making money quickly through surrogacy. As she moves towards it further, she will be surprised by the turn of events.

Why do we love the character? Mimi is the main lead in the movie, a young talented, ambitious girl who does not sideline herself by orthodox beliefs and does what she really desires. She does not let negativity settle in when she realizes that she might not make it as an actress. She stays firm on her decision and works towards her dreams through hook or crook.

She stands up for herself when met with crises about surrogacy, in her family. We love a strong woman who knows what she wants and is not dependent on anyone to help her. And she imparts this knowledge on her child too when she gets the chance.

2. *Shashi Godbole*
