You query why you only promote [adult products in Canada](#). The main reason is that Canadians frequently get taken advantage of when they shop online (and not in the right way anymore). The exchange rate is high because expenses are occasionally indexed in American dollars. The goods are occasionally transported from different countries, which results in extended delivery periods and fees. Do you need customs officials to see your package? They occasionally open boxes. Enough is enough; you merit better.

But we recognize that delivering to Canada alone is insufficient. In order to offer the best online sex shop, we're trying to do a number of various things, including the following:

We must offer you the largest selection of sex toys that can be found across Canada, and eventually the entire world. To give you everything you want, including vibrators, anal toys,

dildos, and more, we've partnered with some of the world's top suppliers. We'll help you get there when you need (more than) a hand to get off! Our top priority is our customers. We work hard to make sure you are completely satisfied with your purchase of our artwork. Not content? Was there an error? To make sure you get what you want and leave feeling great, we'll work over time.

We want to break the stigma surrounding sexually explicit toys. For more than 20 years, Sexy Living has operated a wholesale sex toy company out of Vancouver. We established the first practical, effective wholesale eCommerce portal for [sex toys in Canada](#). Years of experience have taught us how to make quick, precise, and carefully packaged deliveries. Customer service is xoxtos first focus, plain and simple. A humorous, entertaining approach is being used in the bedroom by Xoxtos. Life isn't serious, so why should sex be? Unless you require it to be; in that case, check out our section on BDSM.

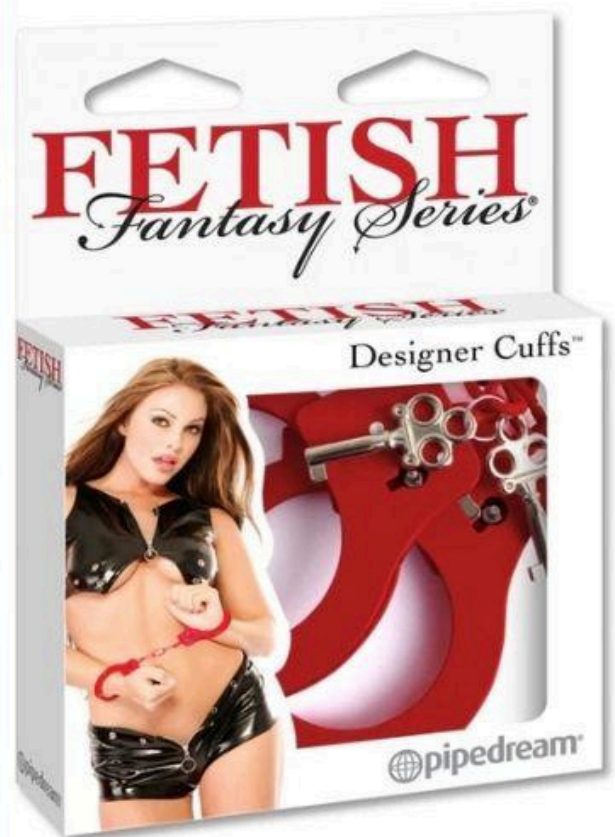

We offer a wide variety of goods to suit your mood and tingle your toes. It doesn't matter if you're looking for a toy to warm things up in the bedroom with your lover or on your own. We are experts in toys for all genders and body types.

Have a look around and let us know if there is anything you need help with. Our customer service is top quality, knowledgeable, and eager to assist you in selecting the ideal product.

We provide a variety of unique vibrators for every circumstance. Others only require a little bullet vibrator, while some pick an inner g spot vibrator. They work best for private playing or for inducing orgasms while engaging in sexual activity. No matter if you're a novice or a seasoned pro, we can find a superb vibrator for you.

Anal toys: Check out our extensive selection of anal toys and experience the thrill of butt play. Additionally, we transport butt plugs, anal beads, and prostate massagers. Whether it's your first or a hundredth time, having anal sex is far more comfortable and easy when you use the correct equipment.

Lotions and lubes: Lube is no longer just for old people; it is now an unsung hero when it comes to intimacy. The appropriate lubricant can make a night and day difference while using a toy or engaging in sexual activity. Some lubricant introduces fresh feelings and might be of high caliber for all events concerned.
