

# Does Having Lash Expansion Damage Your Genuine Lashes?

False eyelashes and eyelash extensions are not the same. Falsies are exceptionally short-term-- made use of for 1 day-- while lash extensions are semi-permanent, sustaining "as much as 12 weeks". Eyelash extensions are truly fake private eyelashes that are stuck individually to your particular lashes at the base, by an aesthetician. The extensions "appeared" with your routine lashes, and also tumble off when the lash does. Lash extensions semi-permanently upgrade the length, thickness, and conclusion of particular eyelashes.

## To What Extent Does It Require To Request Lash Extensions?

Applying a full plan of lashes takes around 2 hours, and can be maintained all year with contact ups that are suggested for every three to about a month.

## What Takes Place If Glue Gets in Your Eyes?

Because your eyes are closed the entire time lash extensions are being connected, no glue ought to ever enter into your eye. To maintain a tactical range from any disruption, the major wellbeing preventive measure you can take is to make sure that the adhesive is alright for your eyes as well as doesn't consist of anything that can harm them, comparable to formaldehyde.

## How Can You Make Your Extensions Last?

To make your [False Mink lashes China](#) last much longer it is recommended avoiding mascara and also apply a protective covering 2-3 times each week. In addition attempt to consider your back, reliably utilize without oil removing items, comb your extensions morning and also night and also go for refills every 2-3 weeks.

## Is It OK to Put On Mascara?

If you are eagerly anticipating wearing mascara notwithstanding the extensions, simply use it on the suggestions of the extensions and with a light hand. This will suffice to provide your

eyes that "fly" alongside the extensions. Making use of mascara at the base of the extensions will certainly obtain exceptionally clumpy.

## Annasui Lashes

### Will Your Typical Lashes Obtain Hurt or Harmed?

There is a myth that lash extensions harm your own lashes. They do not. They are shielded as well as do not knock down the well-being of your common lashes if that is connected properly and also appropriately. See to it that you do not rub your eyes or draw the extensions because this can cause problems and also hurt to your regular lashes. If that lashes are attached properly and also to every specific lash, they won't leave.
