

One goal, One assist

Palmer expressed his victory.

Chelsea won 3-2 in the 28th round of the 2023-2024 English Premier League against Newcastle United at Stamford Bridge in London on March 12.

Cole Palmer, who started the game, led his team to victory with one goal and one assist. Having started the game with a mid-range shot at the 6th minute of the first half, Palmer also scored a sharp mid-range shot at the 12th minute of the second half to send the ball into the net.

After the match, Cole Palmer said in an interview with Sky Sports, a British sports media outlet. "We had difficult results. The same happened in the Carabao Cup final against Liverpool. That's why it's important to get points. We showed passion and courage in the second ball and didn't bother him," he said.

Palmer, a promising youngster in Manchester City, has joined the Chelsea team ahead of this season and is playing a key role. "I thought I was ready to play every game and that's why. I wanted to show my ability and thankfully, it's going well. It was a difficult decision to leave Manchester City, where I have been since I was six years old. I was ready to play soccer and I talked to my family and club and decided to transfer." [사설 토토사이트](#)

Palmer is currently being selected as a member of the English national team. He is in a position to look forward to playing in Euro 2024. "I wouldn't believe it if someone had told me before this season that I would have a chance to play for the Euros. I will play every upcoming match and see what happens in the summer," Palmer said.
