FAQs about Credit Repair in Denver & San Antonio

What is credit repair?

Credit repair is the process of correcting or removing negative items from your credit report. This can be done by working with the credit bureaus, creditors, and collection agencies to remove inaccurate or outdated information.

Why do I need credit repair?

There are a number of reasons you may need credit repair. Maybe you have inaccuracies on your credit report that are lowering your score, or you're trying to improve your score to qualify for a loan or get a lower interest rate. Whatever the reason, [White Jacobs & Associates](#) can help!

How does credit repair work?

At White Jacobs & Associates, we work with our clients to create a personalized game plan for repairing their credit. We dispute negative items on your behalf, work with your creditors to negotiate more favorable terms, and help you develop healthy financial habits going forward.

How long does it take for credit repair to produce results?

The time it takes to see results from credit repair depends on a number of factors, including the severity of the negative items on your report and how many tradelines you have open. However, our team at White Jacobs & Associates has a proven track record of helping our clients achieve their desired results quickly and efficiently.

Is there anything I can do myself to improve my credit score?

There are a few things you can do yourself to improve your credit score, including paying all of your bills on time and maintaining a good debt.
