

Top Indore Non-Veg Restaurant

It ain't easy to find nearby [non-veg restaurants](#) from my location in Indore. Mostly because good restaurants are located in some far-off destination or one can't find the authentic taste of meals in the restaurants.

Saying that The Allahabadi has opened its doors and is located at one of the prime locations of Vijaynagar, Indore. It boasts of multi-cuisines comprising Non-vegetarian, Seafood, North Indian, South Indian, Italian, Chinese, etc and so on which makes it the finest **Indore family restaurant**.

Moreover, the dishes speak volumes about the craft of their chefs because the flavors are just served to you on a plate whatever the cuisine it is. The blend of authenticity with it makes the meals worth it.

The ambiance of [The Allahabadi](#) is no less, just perfect for the family dine-in or a date with bae, they can do both!

Must visit for all the Indori because actual memories are made around the table of **The Allahabadi restaurant!**
