

Kim Min-jae is expected to play in the starting lineup from the Bundesliga opening game

Bayern Munich defeated Tottenham 2-1 in the Coupang Play friendly match held at Seoul World Cup Stadium on the 3rd. The two teams will change their location to London on the 11th and have a rematch. After the off-season, Munich will play Wolfsburg in the first round of the Bundesliga on the 25th.

"Kim Min-jae was not on the transfer list for Munich in the off-season," Bayern Stricks said. "He is trying to recover from his slump in the second half of last season and become a starting member of Munich again. Coach Bang Sang-Kompany also categorized Kim as the core of his season's plan." Kim Min-jae also kicked the captain's armband during a match in the Korean tour. He showed Kompany's trust in Kim Min-jae. Even Hiroki Ito, who Munich ambitiously recruited in the off-season, was injured for three months. Kim Min-jae's role became more important at the beginning of the season.

Munich aims to strengthen its defense by recruiting Jonathan Ta, a defender who contributed to its win against Leverkusen. However, it is not easy to clean up Matthijs The Ligt. Manchester United offered to recruit The Ligt, but Munich refused. The Ligt returned to the Munich camp for now.
