

Decentraland Clone Script development

The advertisement features a dark blue background with a glowing city skyline at the bottom. A large, glowing globe is positioned behind the skyline. The Hivelance logo, consisting of a stylized 'H' inside a hexagon followed by the word 'IVELANCE', is in the top right. The main text is centered and reads: 'CREATE YOUR OWN METaverse 3D VIRTUAL NFT GAMING PLATFORM LIKE DECENTRALAND'. At the bottom, a red rounded rectangle contains a white phone icon, the number '+918438595928', a white globe icon, and the website 'www.hivelance.com'.

Decentraland Clone Script:

Decentraland clone script is a ready-made NFT marketplace and decentralized virtual reality platform development solution and available in the market with outstanding and dynamic features that are far more advanced than the original Decentraland. It is a pre-built, market-ready script created to ease the users' current pain points. For its high-end user interface and complex functionality, this has been a benchmark in the gaming industry as one of our white-

label software offerings. Kick start your Metaverse-based 3D virtual gaming business leveraging our Decentraland clone script, saving time & cost to market.

Our ready-to-use [Decentraland clone script](#) provides a distinct dashboard for admins and users, allowing them to handle their data effectively from their own dashboard with secure login credentials. Our script is reliable, adaptable, secure, and transparent so that even non-technical individuals may utilize it. It works well with several blockchain networks. With the admin dashboard, the admin has full control over the script.

Benefits of Decentraland Clone Script

- Market-tested solution
- 100% decentralized
- Transparent
- Saves time & Cost
- Ready-made yet customizable
- Scalable solution
- Quick launch
- Fewer efforts
- Advanced Technologies
- Immutable Smart Contract
- And more
