Who is Amouranth?

Kaitlyn Amouranth is a popular content creator known for her Twitch and Youtube channels and as one of Twitch's rare thots.

Her career has been one wild ride, so if you want to find out more about Amouranth, her career, and her net worth, you're in the right place.

What is Amouranth Net Worth?

Amouranth's net worth is estimated to be around \$18 to \$22 million, with his money coming mainly from his Youtube and Twitch channels.

Here are Amouranth's main sources of income and how much you can benefit from your content creation career.

Amouranth's Twitch Channel

Just a few months ago, Amouranth was banned from Twitch, but according to her, she could earn up to \$1.5 Million a month through this platform.

He had thousands of subscribers who would invest money in his premium subscriptions and he made a lot of money through donations and shares from his fans.

While you can still make money this way, you don't get the money you would regularly make through your streams and follower count.

Like most popular Twitch streamers, he was able to earn around \$100,000 per month from his subscriber account alone, with all the money coming from donations and sponsorships exceeding that amount.

Until Amouranth is allowed back on the platform, he will have to make do with just his donations and subscription money because he is not allowed to start a stream.

It is estimated that he was able to earn up to 10 million dollars with Twitch during the last years.

Amouranth Youtube Channel

Amouranth also has a popular Youtube channel that gathers 2.5-3 million views per month, bringing him at least \$25,000 in Youtube ad revenue.

However, this is how much Amouranth can earn through his main Youtube channel, and he has another ASMR channel that gets around 1.5 million views per month, bringing him an additional \$18,000 through ad revenue.

This also leads to Amouranth doing a lot of endorsement deals and including different ads in his Youtube videos for a much higher amount of money.
