

# KonoSuba: Fantastic Days Mod Apk for Android

KonoSuba: Fantastic Days is here to transport you to another world.

You have been summoned, brave traveler, to a world threatened by the Devil King's army in the first KonoSuba mobile game ever to be released globally. The journey may be long and perilous, but do not fear! You won't be going empty-handed...joining your party will be all the KonoSuba characters you know and love, along with some fresh new faces.

Discover riveting storylines exclusive to the game and meet a colorful, new cast of heroes and heroines along your path. Listen to their tales and uncover what drives them through the engaging character & story missions.

## A Party of Lovable Goofs

Collect, dress, and forge unbreakable bonds with your favorite KonoSuba characters including, but not limited to:

Kazuma, a brave shut-in turned adventurer [KonoSuba: Fantastic Days Mod Apk](https://justpaste.it/8kslz)

Aqua, a beautiful and useless goddess

Megumin, the #1 explosion fanatic of Axel

## A Real-Time Playable Anime
