The diversity in terms of designs and materials is quite vast, and if you are thinking of going to **buy nose pins online**, then you should check out the [collection](#) on GIVA as you will surely find a nice one for yourself!

Types of nose pins based on preferences

- **Hoop Nose Pins**

Hoops aren't only meant for your ears, they are perfectly trending in the nose pins category too. Hoop nose pins have a very bold vibe to them that goes right through the piercing on your nose and has a flat disk in the end to clip it. It makes your overall look quite edgy. Septum rings are also one style of hoop nose pins that are trending nowadays.

- **Screw Nose Pins**

This is a customizable nosepin style and spells traditionalism. There are a lot of styles and designs of this type. While some look elegant, some can look extremely heavy.

[Silver Arrow Nose Pin](#) on GIVA stands as a good enough example of how this style of nose pins would look.

- **Stud Nose pins**

This style is for all minimal style lovers. Irrespective of the size of your nose, you can opt for any style of stud nosepin. You can go for a sparkly stone or pick some specific element like a peacock, but stud nose pins are quite a rage.

The [Silver Shiny Flower Nose Pin](#) on GIVA is a top favourite for those nose studs.

- **Floral Nose pins**

If you like all things floral and have been mostly looking for dainty floral designs for nose pins, then worry not because there are a myriad of floral designs to pick from. GIVA's [Oxidised Silver Flower Nosepin](#) is a classic example of how simple yet elegant they look.

- **Captive Nose pins**

Also known as bead rings, these nose pins have intricate work, mostly studded beads in their design. Even septum nose pins fall under the category of captive nose pins. This one is said to be one of the most versatile styles of nose pins and is subtly glamorous.
