

## Extramarks- conducting live video classes

Extramarks Teaching App – A comprehensive online teaching app for home tutors, schools, and institutes to manage their **online live classrooms**. Get FREE access today!

The Extramarks **online Teaching app** helps you conduct online live classes with automated attendance, record lectures, engage students using the readymade content repository of animated 2D and 3D videos, create tests & quizzes with extramarks question bank, automate MCQ tests evaluation, share study material & homework, chat with students, and much more...

Extramarks has introduced a teacher's app for [teaching online](#) that lets you schedule unlimited live video classes from anywhere around the world with any device, be it mobile or laptop/computer which helps in expanding your reach and boosts business growth.

**Teaching online** just got more rewarding with **Extramarks STAR program**. Star program is a unique loyalty program for our STARS- teachers, **home tutors**, schools, and institutes. The day-to-day activities on the app, such as conducting classes, creating question papers, creating weekly chapter-wise tests, etc., are rewarded in the form of StarPoints.
