

# How do you get a list of Users in ServiceNow?

TargetNXT [ServiceNow Users Email List](#) offers you a highly responsive and personalized email database comprising thousands of business profiles globally. Crafted meticulously with insights from industry experts, top influencers, and decision-makers, our list ensures maximum ROI for your marketing campaigns. Our ServiceNow Users Database provides a comprehensive collection of real-time active subscribers utilizing ServiceNow products. Curated from diverse sources and meticulously verified by our research team, it contains vital information including email IDs, names, roles, and company details. This wealth of data empowers you to engage with your prospects effectively through personalized messaging strategies. With our database, you gain access to a pool of potential clients primed for your offerings, facilitating seamless communication and targeted outreach.

The advertisement features a white background with a crumpled paper effect. In the top left corner is the 'TARGETNXT' logo. In the top right corner are social media icons for Facebook, Instagram, LinkedIn, Pinterest, and X. The main text 'ServiceNow' is in a large, bold, dark blue font, and 'Email List' is in a large, bold, red font below it. To the right, there is a teal-colored graphic showing a woman sitting at a desk with a laptop, surrounded by various icons representing technology and data. At the bottom left, contact information is provided: 'info@targetnxt.com +18002248308 www.targetnxt.com'. A red triangle points towards the top right, and a grey triangle points towards the bottom left.
