

# How do activate Amazon MyTV Program on Philips TV?

Are you looking for a way to activate the Amazon Prime MyTV program on the big screen of your TV? If yes! Then you have visited the right place. On this page, you will learn about some simple and quick steps that will help you to activate Amazon Prime Video on your TV via [amazon.com/mytv](https://amazon.com/mytv).

To complete the activation process you may need to log in to your Amazon Prime Video account using your username and password for your account. In case your TV does not have the Amazon Prime Video app/channel then you need to download and install the Amazon Prime Video app on your TV by visiting the application or channel store on it. So, with no further delay, let's approach the steps to activate the Amazon Prime Video on your Philips TV.

## **Steps to activate the Amazon Prime Video on Philips TV**

Make sure that your TV is connected to a secured Wi-Fi network and then follow the steps that are given below to activate the Prime Video on it.

1. Turn on your Philips TV using the remote
2. Visit the application store and follow the instructions to install the Prime Video app or channel on your Philips TV
3. Now, launch the app and find the verification code
4. Stay on the same screen or note down the code
5. Using your device, visit the [amazon.com/mytv](https://amazon.com/mytv) website
6. Log in to your Prime Video account to access the activation page
7. Enter the verification code in the corresponding field and tap on the 'Submit' button

8. Now, look at your TV screen, a confirmation message will be displayed on it

## **Conclusion**

To sum up, activate the amazing entertainment of Amazon Prime Video on your Philips TV and start watching your favorite Prime Video TV show, movie, or other content with your loved ones. The way to activate the Prime Video on your TV is mentioned above in this post. You may need to log in to your Amazon account after visiting the [amazon.com/mytv](https://amazon.com/mytv) page.
