ART BY EMILY SKINNER

Starting from creating homeschooling resources for her children, Emily Skinner decided to open her shop to sell Spanish educational materials. Graduating from The Royal College of Art, Emily has had years of experience designing publications for children including educational and picture books before starting creating illustrations and paintings to decorate her children's bedrooms. With her works, Emily sold them at local craft fairs, and then she opened her online shop.

Art by Emily Skinner focuses on printable Spanish teaching resources for homeschooling such as [Spanish Language Animal Posters](#), [Alphabet Printed Posters](#), [Numbers Posters](#), etc.

CCANMISTORE

Studying pedagogy, Lim would like to raise bilingual children speaking English and Korean. While making her learning resources, Lim realized that she can make materials for children receiving other bilingual or other language education! From there, Lim has started her online shop, selling other language education materials along with bilingual education posters and English education posters.

CcanmiStore provides learners with a lot of printable learning resources such as [Spanish Educational Poster Set](#), [Spanish Alphabet Poster set](#), and other Spanish learning material.

[EM IS CRAFTY](#)

Em Is Crafty is an example of how little things in daily life can become a great business idea! As a mother, the owner of Em Is Crafty realized that felt can be used to create interesting educational resources. Since felt can stick to felt so nice, she decided to make the felt walls for her children to play with. They can stick pieces up and tear them down or turn abstract felt shapes into elaborate art and shapes.

With this idea, Em Is Crafty makes a lot of felt walls with different themes such as [alphabet](#), [world maps](#), or [ocean animals](#) in Spanish to help learners enhance their vocabulary foundation.

ESPAÑOL EN CASA

If you are looking for a way to sell your Spanish teaching resources, try to sell them in a study pack like what Español en casa are doing.

Español en Casa is a vendor that specializes in Spanish immersion materials that are fun and participatory. Its goods are suitable from preschool to middle school. [STEAM discovery](#), [positive parenting](#), [development mindset](#), and cultural understanding are all part of Español en Casa's focus.

OUR BILINGUAL FAMILY

Start simple and sell downloadable and printable Spanish educational materials! Our Bilingual Family provides several Spanish learning resources such as [Bilingual Activity Packs](#), [Bilingual Alphabet Flashcards](#), [Bilingual Posters Sets](#), etc.

Selling digital products like what Our Bilingual Family is doing is believed to be a more convenient and easier beginning for selling educational resources.

[THE ARTISTS FAMILY](#)

The owner of The Artist Family is a mother of 2 kids. She loves drawing watercolor pictures for her children and she realized that children react actively to beauty. So that is why she decided to create watercolor educational posters. Over 2 years, she has drawn over 400 pictures and her husband has helped to digitalize these posters.

The Artist Family provides beautiful [Spanish educational posters](#) with different themes such as animals, fruits, plants, food, shapes, numbers, etc. Every poster is drawn by the owner before being digitalized so that you can easily buy and print it out.

[MONTESSORI & MULTILINGUAL](#)

Montessori & Multilingual starts with Erika, who spent most of her 20s as a graphic designer for a small firm before becoming a Chicago public school elementary teacher for 8 years. When Erika left the classroom to start her family, and once her eldest daughter was born in 2018, she gravitated towards Montessori homeschooling. Erika wanted to include Spanish and Russian in her home for her three girls through books, music, and play because they live in a multilingual household (her husband is Ukrainian and speaks Russian). She also decided to create Spanish teaching resources.

Montessori & Multilingual provides [original watercolor printables](#) for multilingual learning to help children enjoy the learning process at home.
