

How tough is horse care?

<https://www.equiindia.com/category/exercise>

Horses are exquisite creatures that require lots of care and attention regardless of the weather, schedules, or holidays. Keeping a horse on your premises is a 365-days a year job. It also means caring for stable and tack including saddle pads, halter, [rugs](#), lead ropes and bridle.

Horse caring includes grooming, feeding, shelter, veterinary care, regular exercise, hoof care and much more. The best way to learn horse caring is to spend time with experienced equine companions. [Equiplus](#) helps equine companions by manufacturing & supplying state-of-the-art horse accessories.
