

5 Best Online Shopping Alternatives to Amazon

Amazon is the best place to shop online, and why not? It is the world's largest e-commerce brand. However, it doesn't mean that all other online shopping services are futile. It depends on what kind of products you are looking for and what quality of service you are expecting. No doubt that every company has its own rules and policies.

This means you might get some advantages on less popular services that you might not get on Amazon. Furthermore, Amazon is pesky when it comes to discounts and offers while shopping. Sites other than Amazon are far better when it comes to offers, price, and discounts.

In this guide, you will learn about the top 5 best Amazon alternatives in 2020.

- **eBay**

It is a pretty trustworthy and reliable online shopping site after Amazon but it has plenty of amazing offers that can help you save a lot. Furthermore, if you find your desired product too expensive, you can head for the used one in excellent condition. However, you cannot buy used food items for sure, but you might find impressive offers. You can also buy stuff in auctions, which is a pretty unique feature that you don't get anywhere else. While using eBay, always choose the high rated sellers or buyers.

- **Overstock**

This site provides products that remain in the market once the local requirement of customers is fulfilled. This is why it is known as Overstock as mainly it offers products that are excessive in the market. It is indeed the best e-commerce site if you are tight on budget and want to get massive discounts.

- **Rakuten**

It was initially called buy.com, and presently it is popular for offering huge discounts on the products. It doesn't own the products, but it works just similar to eBay and works as a platform between sellers and buyers. However, Rakuten is far popular for giving cashback deals and loyalty deals. If you are a smart customer, then it would be best for you to shop on Rakuten. On most products, you will get about 6 or 3 percent cashbacks. However, while choosing a product, check for it on Google to know the reviews from customers as it is also known for low-quality materials.

- **Jet**

It is an online shopping site from a former employee of Amazon, and that is why it is the best rival for Amazon. The main advantage of buying things from Jet is that you will mostly get branded and reliable products at the minimum price. You also get an assurance to get items delivered within two days. Also, another worth noticing feature of Jet is its free shipping on orders above 35 dollars. Besides that, it has a free returning policy for its products.

- **Walmart**

It is the ultimate site if you wish to bargain while shopping. Now bargain online to get the stuff that you need. Everyday, it processes millions of bargains on its products from the customers. It offers every category product, just like Amazon. So it is also one of the best alternatives to Amazon.
