

Online spielautomaten & slots

One reason that the slot machine is so profitable to a casino is that the player must play the high house edge and high payout wagers along with the low house edge and low payout wagers. Other bets have a higher house edge, but the player is rewarded with a bigger win. Theoretically, the operator could make these probabilities available, or allow the player to choose which one so that the player is free to make a choice. Different machines have different maximum payouts, but without knowing the odds of getting the jackpot, there is no rational way to differentiate.
