Do you know ?

the latest **2022** treatment of

UTERINE POLYP ?

Dr. Neha Lalla
Gynaecologist and
Laparoscopic surgeon
Thane, Maharashtra

Uterine Polyps are growth attached to the inner wall of the uterus that extend into the uterine cavity. Overgrowth of cells in the lining of the uterus leads to the formation of uterine polyps. Mostly noncancerous, although some can be cancerous or can eventually turn into cancer.
