

# Point Cloud TO BIM Services - New Hampshire, USA

As a prominent Point Cloud to BIM outsourcing company with over 13 years of experience, [Offshore Outsourcing India](#) is the foremost provider of BIM services worldwide. We cater to the requirements of architects and structural contractors in the construction industry, offering accurate and affordable Point Cloud to BIM services to our clients globally.

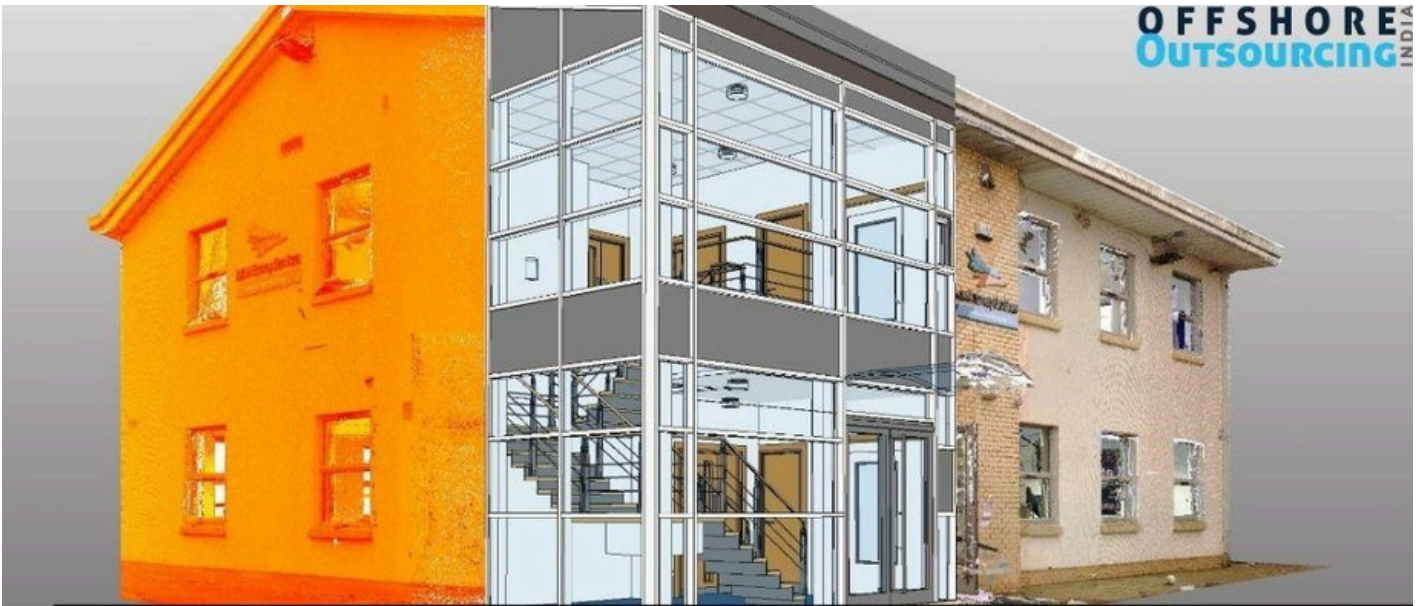

Laser scanning companies, assessors, property owners, architectural design companies, MEP consulting companies, and construction management companies rely on our Point Cloud to BIM outsourcing services. [Point Cloud To BIM Services](#) involves using 3D laser scanning technology to capture the as-built environment, creating a set of data points in a 3D coordinate system that represents the external surface of an object or building, including its shape and colour.

**The following Point to Cloud BIM Outsourcing Services are offered by us:**

- Point Cloud to BIM CAD Services
- Point Cloud to BIM Drawing Services
- Point Cloud to BIM Services
- 3D and 4D Building Models
