

Adjustable Volume Micro Pipette LB-15AVP

Labotronics adjustable volume micropipette is a single-channel instrument with a pipetting capacity of 20-200 μL . It incorporates a spring mechanism, simplifying tip cone maintenance. Capable of being autoclaved at 121°C and 1 bar pressure for 20 minutes, it also includes ergonomic finger support and a low-force push-button for accurate volume adjustments.
