Arfadia menyadari pentingnya waktu, layanan, kualitas produk dan kepuasan klien. Oleh karena itu kami akan memberikan layanan yang terbaik bagi seluruh klien dengan mempersembahkan solusi inovatif bagi perkembangan bisnis klien di masa depan.

Arfadia was founded in Indonesia, Jakarta, in May 2010. It is a business entity engaged in the field of Information Technology and Multimedia. Arfadia was established in 2013 as a Limited Liability Company [or PT/Perseroan Terbatas]. Arfadia's initial service offerings included any information technology related service. However, in recent years, Arfadia has carved out a niche specifically in web site design and development, internet marketing / digital campaign, web hosting, web / desktop based software development, and multimedia services. Arfadia knows the value of time, better service, quality product and the customers. The concern looks after its customer's current and future requirements and provides same importance to all levels of customers with our innovative cutting edge solutions.
