New Bacon-Ing Burger: Burgers in Royston

The New Bacon-Ing Burger is a new take on an old favourite. To begin, we start with perfectly smashed beef patties that are cooked until they are juicy and bursting with flavour. The BBQ

sauce gives the savoury beef a smoky sweetness that goes well with it, and the chilli jam gives it a nice kick of heat. The crispy bacon and melted cheese give the dish more texture and richness, and the crispy onion adds a satisfying crunch. The burger is very rich, but our house slaw has a nice crunch and tang that goes well with it. When you add a gherkin on top, this burger's flavours work well together and make you want more.

American Cheeseburger:

There is no better burger than an American cheeseburger. Grilled to perfection, a slice of melted cheese tops a tender beef patty in this traditional favourite. The tangy and spicy ketchup and Dijon mustard kick it, and the crunchy lettuce, juicy tomato, and fresh onion give it the crunch and freshness it needs. The gherkin brings a hint of acidity to counteract the richness of the beef, while our house slaw adds a dimension of crunch and flavour. This burger is the quintessential American comfort food—simple but delicious. Enjoy juicy Burgers in Royston only at the King James Royston Pub made from fresh ingredients.

Delicious Wagyu Beef Burger:

Indulge in the epitome of burger perfection with the Wagyu Beef Burger. Our burgers are super flavourful because we use premium Japanese Wagyu beef, which is famously very tender and has a lot of marbling. The savoury flavours of our homemade burger sauce complement the beef's inherent taste. A hint of decadence is enhanced by the crisp bacon and mature cheddar cheese, while the fresh tomato, onion, and lettuce provide a burst of freshness. This refined burger is completed with the crisp and tangy house slaw. This Wagyu Beef Burger is an absolute must-have if you're in the mood to indulge.

Hot Chic Burger:

The Hot Chic Burger is perfect for when you're looking for something a little spicy. Crispy golden-brown fried chicken with just the right amount of seasoning makes an appearance in this burger. The creamy and spicy mayo enhances the crunchy chicken. Add some heat with jalapenos, and get your crunch on with fresh lettuce, tomato, and onion. This burger is ideal for those who enjoy spicy foods, thanks to the crunchy, tangy house slaw that complements the spicy flavours.

Crunchy Chic Burger:

If you're in the mood for something crunchy and savoury, try the Crunchy Chic Burger. The smoky BBQ sauce adds a rich, tangy flavour to this burger, which features fried chicken with a

perfectly crispy coating. The crisp bacon brings forth a delightful crunch and burst of flavour, while the onion, tomato, and lettuce provide freshness and texture. In contrast to the fatty chicken and bacon, our house slaw adds a welcome crunch. If you're a fan of savoury and crunchy flavours, you have to try the Crunchy Chic Burger only from King James Pub Burgers in Royston.

Veg Burger with a Vegan Twist:

If you're looking for a tasty plant-based option, try the Vegan Delight Veg Burger. Our plant-based burger patties are of the highest quality and are expertly crafted to satisfy your cravings. Vegan mayo gives it a velvety texture without sacrificing flavour, and fresh veggies like onion, tomato, and lettuce give it a crunch and a burst of colour. This burger is delicious for both vegans and non-vegans because of our house slaw, which adds another dimension of texture and flavour. A plant-based alternative can taste just as good as the real thing, as the Vegan Delight Veg Burger shows.

CAN YOU HANDLE ME!! Burger:

The CAN YOU HANDLE ME!! Burger is perfect for people who want to feel the most intense heat possible. Burger presents the pinnacle of difficulty. The extra hot sauce on this burger is our little secret, and it packs a fiery punch. With a hint of freshness in every bite, the fresh onion, tomato, and lettuce counteract the intense heat. Anyone who enjoys a good heat challenge should try this burger since it will test their spice tolerance. In case you're up for a challenge, this burger will test your limits and deliver an experience you won't soon forget.
