Trikon Clinical Waste provides [feminine hygiene bins](#) that are designed to promote safe and responsible waste disposal practices in public restrooms, healthcare facilities, and other high-traffic areas. Our feminine hygiene bins are spacious enough to accommodate all types of feminine hygiene products, including pads, tampons, and panty liners. Featuring a secure lid that locks in unpleasant odours and a discreet design that blends in with any decor, our feminine hygiene bins promote maximum hygiene and discretion. Made from high-quality materials, our feminine hygiene bins are easy to clean and sanitise, ensuring that your washroom remains fresh and inviting.
