

Garbage Bin Rental Squamish

WASTE BIN & CONTAINER RENTAL

No matter what the project, we have the right container for you!

Do you have a renovation or construction project coming up??
Or do you have an emergency or disaster that needs to be handled quickly?
Do you have the necessary equipment to move?

ClearSite waste bins are suitable for different types of projects!

Our multi-purpose 10 yard, 12 yard and 20 yard bins are convenient for post-disaster cleanup, renovation, materials sorting, roof repair, transportation of gardening materials, bulk items, etc.

Our Waste Bins

Our bins not only comply with most homeowner association (HOA) rules, they are also clean and attractive!

The compact bins can easily fit into driveways, alleys, and tight spaces.

With single door access, the bins are also easy to load from the rear.

Our bins won't rest directly on your driveway or cause any damage to it. Call us for more details!

ClearSite bins are large enough to meet the needs of almost any residential cleanup, move out, renovation/remodeling or disaster restoration projects. Using our bins saves you time, money, and stress.

Call Us!
