Going through a divorce is a difficult and emotionally draining process. It often involves making hard decisions and dealing with a plethora of legal matters. A key aspect of the process is having a dependable and experienced attorney by your side. As an attorney at Winig Law, we understand the emotional and legal challenges our clients face during this stressful time.

Understanding the Role of a Divorce Attorney

The role of a divorce attorney goes beyond merely representing you in court. A competent attorney helps you understand your rights and responsibilities under the law and how to protect your interests best. This includes explaining Florida's laws related to divorce, child custody, alimony, and property division. They also assist you in preparing necessary documentation, negotiating settlements, and representing you in court if needed.

For instance, you can refer to [Florida Statutes Section 61.075](#), which deals with the equitable distribution of marital assets and liabilities in Florida.

Importance of Child Custody and Alimony in a Divorce

Child custody and alimony are two of the most emotionally charged aspects of any divorce. In Florida, courts make decisions based on the 'best interest of the child' principle, as per [Florida Statutes Section 61.13](#). Similarly, alimony or spousal support is awarded based on a variety of factors, including the length of the marriage, the financial resources of each party, and the standard of living established during the marriage. Understanding these aspects and how they apply to your situation is crucial in achieving a fair and reasonable outcome.

Consider the case of Mr. and Mrs. Smith, a hypothetical couple with two children and a decade-long marriage. They were in the middle of a bitter divorce, with both parties vying for custody of their children. Mrs. Smith was also seeking alimony to maintain her lifestyle. They sought our assistance at Winig Law. We helped them understand their rights and responsibilities and ensured a fair division of assets and custody.
