# 5 BEST REMEDIES TO TREAT FAILED ERECTIONS

## LEAFY GREENS & BEETS

Leafy green vegetables, like celery and spinach, may increase circulation because of their high concentration of nitrates. Beet juice is high in nitrates which open blood vessels and increase blood flow.

## PISTACHIOS

Men with ED who eat pistachio nuts daily for three weeks experienced significant improvement in sexual issues, including ED, sexual desire, and overall sexual satisfaction. It includes a protein called arginine.

## POMEGRANATE

Pomegranate improves blood circulation in the body and also helps in reducing stress levels.

## TOMATOES & PINK GRAPEFRUIT

Lycopene is found in deep red fruits like tomatoes and pink grapefruits are good for circulation and sexual issues.

## QUIT SMOKING & ALCOHOL

Both activities bring several potential health risks, including ED. Reducing or eliminating these activities may help you treat your

erectile dysfunction problems.

If nothing above helps,

**BUY MALEGRA 100**  
for treating erectile dysfunction
