Title Drop

Next morning, Junbeom arrives home.

He says "What, there's no one?" "Where is this woman walking around in day time?"

He went inside his room. Sits on the chair "Huuu" and looks at his phone. He was sending message to someone. Message says "What are you doing?" "Do you want to meet me if you have time?"

It's Min Hee (the 3some girl) he was messaging. She replied "Please don't call me from now on."

He slammed his phone on the table and says "Did you all make a promise not to answer my calls as a group?"

"I'm not a special lecturer anymore, so you are done with me, right?"

He is browsing his laptop. "huh?"

"What is it?"

It says Windows has been updated. He thinks "The last time I did the update was a week ago." "Why is there an update that I didn't even do?" "No way?"

Yoon Hee came back home.

He yells to Yoon Hee "YOU!" Yoon Hee says "SCARED ME! What's this all of a sudden?"

"Did you come into my room?" "Did you touch the computer."

Yoon Hee says "What are you talking about? I didn't." He says "I have a record of someone touching it."

He yells "Father is on a business trip, so you are the only one! What did you do in my room?" He holds Yoon Hee's shoulder. Yoon Hee slaps his hand away and says "I didn't do anything! Move your hand!"

He thinks "Wait, then ...?"

He says "Did you bring Sanghyun home?" She says "What!?"

She says "Why do I bring him home?" "And tell me why you are doing this?"

He says "No, never mind. That can't be true." and went back inside his room.

Yoon Hee thinks "Did Sanghyun touch the computer? I told him not to go in ..." "There must be a reason." "He is not a person who does anything to harm others."

Junbeom inside his room thinks "Am I just mistaken? She really didn't seem to know based on her reactions." (In the first place, you don't even know the password, so you can't see it.)

"What is this uncomfortable feeling?"

He remembers Sanghyun asking "Don't you feel guilty?"

He thinks "It's weird to ask that all of a sudden." "Is he plotting something?"

He looks at the phone and thinks "There's not much time left until the lecture opens."

"Before that, I'll have to see what's going on with them."

At Minseo's house,

Minseo lying on the bed "Done cleaning!"

"I am so free..." "Now that I have enough rest, isn't it good to go back?"

"Sanghyun told me to stay here for a while..."

She remembers Sanghyun grabbing her ass in his sleep.

"I'm thinking nonsense again. It's a simple accident. And he said Jihyun." "I am sure she's a new girl." "Okay! Let's go back while thinking about it."

"I have to surprise you."

At school inside MC's office

"Junbeom keeps sending threatening messages?"

Jihyun says "Yes, I know everyone is scared because we keep in touch." "Even if you block him, he contact with a different number."

"Everyone is still holding out, but I think they will get caught at this rate."

MC thinks "You must have noticed it's weird now." "It's too late."

MC says "Don't worry and for Junbeom, tell them not to answer."

"Now, it's time to find out which special instructor is better to whom."

Jihyun asks "Then, Sangyun,, won't you also be becoming such a bad person?"

MC says "Do I have to do go easy on this so he will feel a little bit more at ease?" "And the truth is it's not true."

"But can you meet Junbeom, so that he can no longer dig in?"

Jihyun says "Me?"

MC says "You may feel uncomfortable but we need to let his guard down (distract him), Jihyun."

She says "That makes sense." "I have already decided to be with you, so I will help you."

She pulls something out from her purse and says "Okay, by the way, I brought this."

MC says "What..?"

Jihyun says "I thought you forgot about it in Gapyeong, so I brought it."

MC says "Ah...!"

She says "I am returning it to you now."

"And, " "I ... I have a favor to ask from Sanghyun..."

MC says "You only have to ask." "I will do everything Jihyun asks for."

She says "I..." "I want to do it..."

"I wantto feel the thrill of not knowing who will come again..."

MC says "Ji .. Jihyun..?"

She grabs the wig.

She wore the wig on her head, lifts her skirt which shows her panties and says "You are going to do it right?" "Instructor."

MC "...!"

MC spreads her leg and says "Mom ..." (-\_-)

Outside the school building

Someone showed up ..

It's MINSEO.

She says while looking at the building "You are probably still at the academy, right?"
