

Mother Hunting 71

MC called director and asked to help him one last thing.

Next day inside director's office

Director says "What is all this." "I heard he met with parents, but to have done something like this." MC showed director all the photos and videos of Junbeom.

MC says "That's all the photos and videos I have, in reality there are more."

Director says "Did you do this and move to another academy?"

MC says "It's not director's fault." "The bad one here is this guy."

Director says "I can't leave this guy alone ..." "But is it okay to disclose this?"

MC says "It's okay. It will be dealt with so no one can know who the victims were except for him." "Permission was also granted from the parents."

Director says "Instructor must have been busy but the work here is great." "However ..."

"I know instructor and junbeom are old friends ..." "Is it really okay to do this for the school?"

MC says "He is no longer a friend." "He is the guy who crossed the line." (Real revenge gg, no redemption or forgiving arc like in SW.)

Director took out a cigarette to smoke and says "okay. I see." "What can I do to help?" MC says "Okay, then I will get right to the point."

"Next Wednesday, Junbeom's online lecture will be launched." "And the company he moved to broadcast live on the first day of launch." Director asked "Live broadcast?"

MC says "Yes. It's like the teacher introducing himself on the first day of the school year."
"Junbeom has a good reputation, so everyone will come see him."

"Then, at that time, the link to which these materials are linked" "We will release it to chat in real time." "and then"

Director says "We can write it down, so that this incident can spread like wild fire."

Title Drop

MC went back home and lied down on his bed.

MC says "I even got the director's help." "Now, I am just waiting. By now, he is probably excited without knowing anything."

MC receives a phone call. "Oh, Yoon Hee ..."

Mc thinks "Is it okay to tell Yoon Hee first ..." "You must be shocked..."

MC says "... Hello." while thinking "still it would be better to reduce the variables as much as possible."

Yoon Hee on the phone while masturbating says "I thought you weren't picking up. Are you working?" MC says "Yes. I am a little busy today." She says "Are you very busy? Can't we meet today?"

She is spreading her pussy. "There is a place I really want to go to ..."

MC says "Ah, that's ... it's a little bit today ..." She says "You can't? It's either today or I will be busy for awhile." MC says "Okay, where shall we meet?"

MC thinks "Is it urgent ... let's meet her at once."

Outside at night. She is wearing a black mask and sunglasses. She says "Oh, you are here?"

MC asks "What's with this outfit?" She says "Well, the place I wanted to go today was a bit ..."

It's adult toy store. "Here it is. The adult department store." MC asks "Is this the place you want to go?" She says "I have been curious about it. About how is the store."

She says "Is it too much?" "Still, I really wanted to take a look."

She grabs MC's hand to go inside. MC says "No, I was curious too. Let's go in."

Inside, MC thinks "It's not the kind of atmosphere I thought it was."

Yoon Hee looking at a dildo and says "Wow, they have something like this?"

She rubs it and says "Oh my this feel ..." MC laughs "Haha..."

She grabbed BDSM set and asks MC "Sanghyun. How about this?" "SM set ... It's complete package." "There are also thing like restraints and earplugs." "How about using this?"

She imagined (the thumbnail) "Can't move or see."

She says "In a situation where I can't move or see ..." "I think it will make my heart pound and feel good." She asks "Was it too silly?"

MC grabs her head and says " ... No. Yoon Hee, if you want I like everything."

She says "Really? Then with this ..." "Shall we buy this too? Do you think it will suit me?" It's red dress. (probably sth BDSM, only showed half in the panel). "And, I was worried about it when I saw awhile ago ..."

MC thinks "It's like when I go to the toy store with my cousin."

Outside MC asks "Didn't you buy a lot?" She says "Yea, I bought this and that without realizing." "Then ..." "Do you want to go down right away?"

MC says "N, now?"

She receives a call. "Huh? Wait a min ..." She is on the phone. "Coming right away? I am meeting a friend..." "....okay. All right."

She says to Sanghyun. "What now. Guess I have to go back." "He doesn't even come home usually ..." MC says "Is that so. That's unfortunate." She says "Junbeom is giving a lecture soon. So, the three of us will see each other. When did you care like that?"

She says to MC "I am going to hide this in the store. We will have to postpone it until next time." She says "I have to be careful because he is not feeling well these days./ I will get in touch again. I am sorry Sanghyun." MC says "Yea. Be careful go home safely!"

MC thinks "I can't be shaken by now." "Let' apologize to Yoon Hee after."

6 Days to go, MC teaching in his class. Director meeting with some dudes.

3 Days to go, Junbeom having a drink while hugging a random girl.
Yoon Hee looking at BDSM ball gag.

D-Day (Douche's lecture day)

MC and Director waiting in front of a computer.

"Let's get started."

End chap.
