MC answers the phone and says "Hello."

Yoon Hee says "Long time no see." "How have you been?"

MC says "I have been busy these days ... it just happened." MC asks "Yoon Hee, are you okay?"

Yoon Hee asks "Can we meet and talk in person instead of on the phone?"

"I will be waiting for you in the store" (her bar).

MC gets up and says "I understand Yoon Hee, I will come now." and prepare to leave to the bar. MC thinks "Whatever it is, it is a reality I have to face."

"As much as I hurt Yoon Hee, let's get punished from her sweetly."

Title Drop.

At the bar.

MC says "I am here, Yoon Hee."

Yoon Hee says "You are here?" She is sipping wine. She says "Don't just stand there. Come and sit."

MC asks "Why don't you drink with me?" She says "I just wanted to get drunk today." She pours out some wine for mc and says "Do you understand?" "By the way, it's been almost a month?"

MC says "Yes. It's the first time since that accident."

She says "I couldn't even use the thing I bought that day because of what happened." "I didn't expect it to happen."

MC thinks "Yoon Hee must have had a hard time" and says "Yoon Hee, are you okay?"

She looks at MC, smiles and says "Well, there's nothing to worry about. Why do you look so sad?"

She says "I don't know if it is good or bad, the victims didn't want the case to go bigger, so the agreement went well." Panel of Yoon Hee apologizing to parents. looks like Jihyun is the one who she is apologizing to.

"Of course, there will be some penalties for the affected companies." "But you know? I am rich."

MC says "Then, what's wrong. Yoon Hee ...". She says "Rather, my heart is hurt." "I mean I didn't know anything while those were happening." "That must have been why I was indifferent to Junbeom." She puts more wine into glasses.

MC asks "Yoon Hee, don't you blame the distributor?" She says "Blame."

"There's nothing to blame about?" "I'd rather say thanks."

MC says "Huh?" "What does it all mean?"

She took out a cigarette and says "It must have happened one day." "It's better to become clear now, it's already late enough tho." "Still, I am done with it now." She lights the cigarette and starts smoking. She says "I've come to be able to help."

"I am sure it's my fault that Junbeom became like that."

"So now, I am going to face it honestly. Apologize to Junbeom and correct him."

They cheers the wine glasses.

MC thinks "I was mistaken about Yoon Hee." "Yoon Hee is a much stronger person."

MC asks "Junbeom, how has he been?" She says "He is in nearby motel." "Looking at the credit card detail, he must have been there all days." "May be having his own self reflection?" "He must have had the time to reflect on."

MC thinks "Is he really reflecting on himself?" "Is everything going to end like this?"

Yoon Hee hugs MC from behind and says "What are you thinking?"

MC says "Oh, nevermind."

Yoon Hee asks "Can you stay with me tonight?"

MC says "Yoon Hee."

They starts kissing. MC grabs her tits. MC pulls down her blouse/dress covering her tits. Their tongues are touching. She says "Go on, do it."

MC looks at the tits. And starts sucking. MC says "If that's comforts you, I will be happy."

MC pulls down her panties. She says "I am rooting for you. Hurry up and put it in. I don't want to think about anything tonight."

MC starts fucking her. She moans. And yells "More, harder!"

She says "I really like you, Sanghyun ..."
