

Mother Hunting 80

MC let douche get away scot free and pretend to Yoon Hee that he just fucked her. She enjoyed the sex. Then, MC and douche, they meet up on school roof top. Douche asks if mc had been doing it with Yoon Hee. MC says yea and told douche he did the same with Minseo. Douche tried to suicide. MC saves because he forgot the 'rape' part. Douche cries saying Yoon Hee is the only woman he loves and so on.

(So, yea. Time to stop summing from me. I will continue to read till it end but no more sum. But if I have to say it will be shit ending with both clowns ending up with their own stepmoms. It's on clown MC for not telling shit to Yoon Hee. If you want to know about plot and shit, join me on my server, I will continue to talk there about the series till the end. But no more sum.
