"Publicly available records are a fundamental guarantee of our Freedoms & Democracy."

StateRecords.org

New Hampshire Public Records

In accordance with the [New Hampshire Right to Know Law](#), this website provides every person living in New Hampshire with the right to obtain, examine, and search for public records. The act specifies that all records and government information are presumed public and available to citizens.

The goal of this website is to provide New Hampshire state citizens with easy access to state public records in an efficient and concise manner, without requiring a reason for the request, or revealing any personal information, providing requested records are not confidential.

The records presented on this site contain information on criminal records, court records, vital records, state background checks, and include over 12 million transparent public records.

Public Records Storage and Acquisition

While they are public, government created records can be difficult to obtain. They are often kept in different locations, and the requirements for obtaining varies. Here are some general rules of thumb for obtaining public records.

How a DWI works

DWIs in New Hampshire are serious offenses that span the gap between misdemeanors and felonies. Repeat offenders can expect to face stronger and stronger punishments until eventually facing jail time. Here's what you need to know.

Arrest Records and Crime Rates

Arrest records have multiple uses, but are most often used by a state as evidence during a prosecution.

Freedom Of Information Act

The United State introduced the Freedom of Information Act in 1967 to offer government transparency to all citizens of all states, including NH.
